

## ESS TACK CLEAR - Clear and invisible

### Area of Application

- For indoor and outdoor use
- Construction, industry, marine, craft work, etc
- Wood, metal, concrete, glass, plasterboard, mirrors, Styrofoam
- Replaces screws, nails, rivets, etc.
- High load-carrying capability (200 kg directly).

### Description

ESS TACK CLEAR is a transparent contact adhesive with direct load-carrying capability - grips before curing. It is strong, quick curing and flexible. The product is completely wea-

therproof. ESS TACK CLEAR will not damage other materials, and has good chemical and temperature resistance. ESS TACK CLEAR gives a completely clear adhesive joint after curing, which makes it in principle invisible. Clean with Universal cleaning cloth/spray.

- Free from solvents, isocyanates, phthalate and silicone
  - Paintable
  - Working temperature +5 °C to +40 °C
  - Store upright at room temperature max +25 °C
- More information and safety data sheet available on [essve.com](http://essve.com)
