

### Area of Application

ESSVE Roofing screw designed for installation profiled plates against wood and sheet-against-sheet (overlap).

Also available in stainless steel with stainless steel washer with EPDM seal. Fitted with hex head.

### Description

The screw is produced in hardened carbon steel with bright zinc plated surface treatment and polyester powder coated. Galvanized steel washer with EPDM seal.

### Installation

You must ensure the screw is not overtightened during installation to prevent damage to sealing washer. Recommended speed: 1800-2500/min

### Specification
