

Area of Application

ESSVE Nylon plug N 10x50 is used together with Programa frame screw 70/90 mm for fixing in concrete, stone material and solid brick. For fastening in lightweight concrete and hollow brick use Programa frame screw 140 mm together with ESSVE Nylon plug NL 10x80 alternative Facade plug EFP-L 10x100.

Description

Outward ribs prevent the plug from rotating. Through targeted expansion the Nylon plugs offer major benefits when used in thin and porous materials.

Specification

Material	Polyamide (nylon)
